**CALIFORNIA AND ITS ATTRACTIONS.**

The great State of California offers more delightful attractions for the average winter tourist than any other section of the United States. At a time when the North and East is garbed in its usual winter mantle, Southern California is clothed in sunshine, fruit and flowers. The new coast line of the Southern Pacific Sunset route, extending from Los Angeles to San Francisco, offers one of the most alluring opportunities for a journey possible, even in Golden California. Los Angeles and vicinity contain many of the most attractive features of California which, with a superb climate, to be appreciated must be experienced. Surf bathing in the Pacific ocean, golfing at Monterey, deep sea fishing at Catalina and a score of other attractions provide a most pleasant method of enjoyment, making the winter months a dream of comfort and delight. The Southern Pacific Sunset route out of New Orleans operates daily vestibule service to Pacific points. For literature and information address W. A. Connor, Gen.
